

International Aquarian Opera - 0:42

...Night!

You can halt your car for an afternoon in Utopia

We shall stop the wars on those afternoons in Utopia

Fantastic Dream - 3:56

Hello today -- open your eyes

The snow is falling just like leaves

Aquarian Warriors rebuild the ship

Mr. Rainbow is gone

Hello my love, here's to your heart

Unfold the Lilies in the deep

The season's over, the shores are sealed

Now ashen roses rain on the fields

Innocent dreamers, look what you've done

Now it's time for the Phoenix to fly.

Hello today -- wake to the dawn

To meet the guardians of the Isles

The valiant captains will rule the seas

'Til the comets return

Hello my love, here's to your heart

Release that dream into the world

Join in the air-race, leaving tonight

How does it feel to follow the light

Beautiful Dreamer, it's up to you

If we glide through the glamour of love.

We believe in our dreams

reaching out for above

We believe in our dreams

reaching out for love.

Jerusalem - 4:09

Waiting on this empty street, watching the river's waves go by
Feeling mellow, lighting a cigarette, silver moon floats through the night
Eris, Princess of the Isles, disperse your sparkling traces
Lead him on to the house of love where the Gods may turn his eyes

To Jerusalem we pray -- It's time to meet you there
Let's take love to Jerusalem -- Oh yeah -- Let's make love

You might be the one I'm waiting for, I think we've met somewhere for sure
Chasing shadows leaves you feelin' blue, this situation needs a cure
New assassins, new messiahs, keepers of the balanced law
Strangest lovers of the fire which ignites the Halo of our souls

To Jerusalem we pray -- It's time to meet you there
Let's take love to Jerusalem -- Oh yeah -- Let's make love

Big yellow Cadillac, carry me back home
On glory roads of pure delight we head out for the stars

In Jerusalem...

Dance With Me - 3:59

When the heat of light melts into the speeding time
When the king returns from the ivory city-side
Let the Magnet-Mages wave the signals, flashing oh so fast
Then you'll meet me there under the moonshine
In a lover's heaven, we'll keep our promises at last
In a lover's heaven we'll forget the past

Do you want to dance with me through one of those lonely nights
It's more than a dream, maybe we're reaching the gardens of delight
Do you want to dance with me through one of those lonely nights
It's more than a dream, maybe we're drowning in Empires Of Delight

In the stardust dawn underneath the crystal roofs
Where the Solar Boys are playing games they never lose
Where the sailors are swaying though the light domes,
shining from the skies
There you'll meet me, darling, anyway
In a lover's heaven, we'll keep our promises at last
In a lover's heaven, we'll forget the past

Do you want to dance with me through one of those lonely nights
It's more than a dream, maybe, we're reaching the gardens of delight
Do you want to dance with me through one of those lonely nights
It's more than a dream, maybe we're drowning in Empires Of Delight...

Afternoons In Utopia - 3:08

Acrobats & Comets are floating by so fast
Children's faces S.M.I.L.E. like suns at last
Lilac butterflies are cruising without fear
All inviting you to stay and rest here

You can halt your car for an afternoon in Utopia
We shall stop the wars on those afternoons in Utopia

Mighty Maomoon dog drifts across the grass
Healing lullabies for Easter Time on Mars
Paint your hats and shoes with flowers and with stars
Singing in Metropolitan Operas

You can halt your car for an afternoon in Utopia
We shall stop the wars on those afternoons in Utopia

Sensations - 4:24

Listen to the news, changes are coming soon:
Atlantic engineers & cities in the moon
You better look across the ocean, now tell me what you see :
The southern cross explodes into the colors of the sea
Mighty Maomoon dog skips across the waves
Kick the door and hit the shore and be somebody else
Supersonic landscapes are melting in your hair
Bubblegum comedians are planting skylarks in the air

Here we go with the new sensation
We're on every station
Such a kind of a legend to turn you on, dig that rhythm
Genie, and listen to the voice of the dolphin

Listen to your radio...

All across the planet, politicians tremble...
Continental sister's rocking with the liquid gambler
Now the time is here, now it's coming true...
The enigmatic ecstasy is overwhelming you
Acrobats & Comets streaking by
40,000 sirens are wailing in the sky
Innersexual circuits are cruising without fear
All inviting you for party timing here

That's the start of the new sensation
We're on every station
Such a kind of a legend to turn you on, dig that rhythm

Genie, and listen to the voice of the dolphin

Listen to your radio...

Listen to me -- Listen to the voice of the dolphin
You better return to the sea -- listen to his Majesty
You better return to the sea -- You better return to me..
Here's the new sensation
We're on every station...

20th Century - 1:25

In the beginning
There was no light
No teenage heaven or hell
No songs or voices came from across the outlands
Where oceans are meant to be -- where oceans are meant to be

Oh my God, I feel so alone -- some million light-years far from home
HOW ABOUT YOU LIVING IN THE 20TH CENTURY, CAROL!

You can halt your car to get your tickets to the starlight skies, you know...
Everybody wants to come home (what a dream)
So, if you don't mind,
Will you join me?
On my way through the eye
up to the light
Into the world...

The Voyager - 4:37

Now she's touched the earth - you feel her love
Pouring down like an endless rain of colors on your skin
She descends out of the blue, a breathless victor of time
After more than a million light-years preparing her comeback
And she's rushing in from the outside
On the crest of the seventh wave
She's the crown of creation creating you

The Voyager! is here to stay
The Voyager! she's calling all stars
The Voyager! she's riding a rainbow
The Voyager! gives you the kiss of life

Watch out, you can't ignore what's going on
When your visions are drying out like the oceans of from the underworld
Don't you know! Before you turn to stone
You better head out for a Royal trip to the Ivory city-side
And she's rushing in from the outside

On the crest of the seventh wave
She's the crown of creation creating you

The Voyager! is here to stay
The Voyager! she's calling all stars
The Voyager! she's riding a rainbow
The Voyager! gives you the kiss of life

Carol Masters - 4:32

She sits by the window
Stares into the night
Just waiting for a foreign sound from outside
Far beyond the atmospheres, she is listening for a call
To take her homewards to herself
Oh I love you so
He who's Master of the icy shots won't harm you in the morning
She knows that the pavement's hard, there between the stars
To travel on to Martian-Homesick-City

She is weeping silently
But there's not a tear
Just raindrops falling from the painted ceiling
The dance of the foraging bee will number all the things
She has been longing for since she was young
"I will not pass this night in vain!"
She says, "I'll stand this kind of rain, I'll break the glass,
I'll find the path."
Yes, Carol wants to go to Mars, back, where the red-cold sun
Is sinking to the Channels of A'DAAR

Day breaks through the grating
Someone moves a chair
And sunlight blisters dazzling on a glass
Take a pill and greet the day for sedative holidays
Why aren't you sleeping at night?!
...Oh I love you so!
He who's Master of the icy shots won't harm you till the evening
We shall meet tomorrow night, and I kiss you just as tenderly
As CYGNUS kissed the deserts
We shall meet tomorrow night, and I kiss you just as tenderly
As CYGNUS kissed the deserts

>From Universal Kingdom Number One
He sends his Universal Angels through the air

Lassie Come Home - 6:59

Lonely boy gazing on the afternoon
People drifting cross the surface of the twilight day
There's a Little Yellow Man, standing by the railway station
Painting portraits on the brick-walls of Billie Holloway
Lovely Lady S.M.I.?L.E.
Dance, my dear, I'm only operating on "Lassie Come Home"
"This was authentic you" she spoke,
"this was authentic you who blew me cold"
He had no chance to realize,
It hit her straight between the eyes
So I've been told

In the park, she's giving out some photographs
On which she's giving out some photos of what she hands around
"They videod a ghost tonight", she said before I turned it out
"It rode an orange paper-bike, and left without a sound."
Keep on riding, Sir
Open up the door and shout it out:
"Lassie Come Home, Come Home!!"
"This was authentic you?" she spoke,
"this was authentic you who blew, who blew me cold"
I had no chance to realize,

It hit her straight between the eyes
So I've been told

Lonely Girl dancing in the music-hall
Lightning struck her silver starship and turned it into stone
And now it's falling all the time into that void beyond her gray eyes
Somewhere a telephone is ringing, but nobody's at home
"Hello Junkie-Sweetheart, listen now
This is your Captain calling:
Your Captain is dead."
Keep on riding, Sir, open up the door
And shout it out -- shout it out...
Lassie come home -- Lassie come home -- Lassie come home
Lassie come home...

Red Rose - 4:05

Little girl -- do you know what you are -- do you know
This baby's gonna be a STAR -- do you know-wow
A Teenangel-Emress form Hollywood highs... with wonderful eyes
You're beautiful -- put your strato-blue suit -- put it on
I know that you're in the mood to fly
Ah, you got the power to make it come true -- the most exciting news

We'll be together till the end of time
And when you S.M.I.?L.E., Red Rose, it's just like Blue Sunshine, Blue Sunshine
Oh, we're ascending and we'll never die
'cos when we kiss, Red Rose, we're changing 6 to 9, it's Revolution Time
When 6 turns into 9...

Move over -- closer to my fantasies
Pretty baby, we're standing at the turn of the centuries
The daughter of time is groovin' Tonight -- Tonight -- Tonight
Tonight, little dreamer, you're the D.J. of your soul, little dreamer
C'mon lets swing to that Rock and Roll
The sweetest arrows of desire will set this dance on fire

We'll be together till the end of time
And when you S.M.I.?L.E., Red Rose, it's just like Blue Sunshine, Blue Sunshine
Oh, we're ascending and we'll never die
'cos when we kiss, Red Rose, we're changing 6 to 9, it's Revolution Time
When 6 turns into 9...

Above the City of the million Moons
We'll reach the Palace of the Sun
DO WHAT YOU WILL -- shall be your destiny, we will unfold
the secrets of the new JERUSALEM...

Lady Bright - 0:43

There was a young lady named Bright
Whose speed was much faster, much faster than light
She departed one day in a relative way
And returned on the previous...
