

Inside Out - 5:17

Your hand full of hours - sand from the urns  
A traveling companion - the secret of ferns  
From darkness to darkness - where shall I begin  
When whiteness attacked us - sewn under our skin  
And there were the stars that helped to navigate our souls

With all my love - I went into the world  
From inside out - and I gave it all to you  
But I need your love - that was looking for me  
Just on my lips look for your kiss

And always I think where we might have gone  
If we'd never met inside this song  
Our names are enciphered - but the words became true  
When I was the sun and you, you were the moon  
And there were the stars that helped to navigate our souls

With all my love...

Monkey In The Moon - 3:53

Once I was so sure, once I was so blind  
Wonder what you said if you read my mind  
Angel in a car, devil on a cross  
Scarecrows in the fields, Jesus on the rocks

Letters in the rain. Rabbit on the run  
God was made for you, lizards for the sun  
Monkey in the moon, I can see you through  
Monkey in the moon, this one's made for you  
Message understood?

Flower in a word, words without a priest  
Wings without a bird, beauty without beast  
Signal overkill, trains are overdue  
Fool upon a hill, ocean overview

Letters in the rain...

Fool upon a hill, trains are overdue  
Except what we forgot nothing's really new  
Head above the clouds, eyes are opened wide  
Windmill burning down, walk into the light

Monkey in the moon...  
Letters in the rain  
This one's made for you

Monkey in the Moon  
Once I was so sure, once I was so blind  
Wonder what you said if you read my mind  
Angel in a car, devil on a cross  
Scarecrows in the fields, Jesus on the rocks

Guardian Angel - 4:14

Be my guard just for tonight, that is all I'm asking for  
Take me under your wing, I can't make it anymore  
I am so full of fear, may you read a book to me

And when the shadows grow won't you stay with me

Will you be my guard tonight, that is all I'm asking for  
Will you be my guard tonight, that is all I need to know

Be my guard beside my bed, that is all I need to know  
Will you please hold my hand, don't you ever let it go  
All the wonders of the world for a little second more  
I can't speak but can't you see, it's your touch I'm crying for

Will you be my guard tonight, that is all I'm asking for  
Will you be my guard tonight, that is all I need to know

Be my guard just until dawn, when I can hear the birds again  
I'm as helpless as can be, will you guard my little flame  
If we never meet again, you shall always keep in mind  
That you were my guard tonight, that you were my guard tonight

Will you be my guard tonight...

Wishful Thinking - 3:47

Into the night  
Still falls the rain  
Even the dogs stay home tonight  
Out on the streets  
Going nowhere  
Just one direction in my thoughts  
Love can be magic  
It can be a game  
Sometimes it's tragic  
And sometimes a shame  
Words were my bullets  
Emotion my gun  
I was a runner  
Now I'm on the run

Sometimes I wish that you were dead  
That is because you haunt me so  
I wasn't right to let you go away  
I try to kill the pain inside  
But you are always on my mind  
No matter where I go or stay

Sometimes I dream my time away  
And where we're together again  
But I know that can never be  
And all my hopes are in vain  
You were my treasure  
That I didn't know

You were the sun in my life  
Thought I was dying  
When I realized  
There's just one chance to survive

Flame - 3:52

I've been searching, I've been searching for so long  
Now I'm chasing the shadows away  
I've been trying, yes I tried to find my way  
No more crying in the make or break decade  
There were times when I was down, there were times I felt so low  
My whole life just seemed to be a senseless quest for energy

But I carry your flame  
All through my life, I'm a believer  
Peace deep in our hearts, all things must pass  
But we'll be together... again

I've been walking, I've been walking in the rain  
When the angel of my intuition whispered hello  
Well I was quite surprised to face that kind of incarnation  
Love comes always unexpected, love strikes blind and undirected  
Love is the answer, Love is all we need my friend  
Now you came and changed the weather, now I wanna live forever

I carry your flame  
All through my life, I'm a believer  
Peace deep in our hearts, all things must pass  
But we'll be together...

Point Of Know Return - 5:51

The gentle taste of orange  
A garden of fruit and flowers is what I embrace  
In ocean blue eyes, in each one's an island  
I'm stranded within your love  
And as I fall deeper than ever  
And as we kiss, we're each other's guide into the unknown

Where men do not return, where men do not forget  
The sweetest suicide, as if we don't exist but live

The presence of angels, the incense of Indochine  
The quietness of movements, the slowness of Africa  
A point of know return, no way out of here  
Nothing compares to you  
Anything goes

And as I breathe deeper than ever  
I'm coming home, I'm coming home to the unknown

Where men do not return...

Control - 3:32

Pretty baby, don't you know, times they are a changin'  
Every little moment we grow up we lose control  
Life's a loaded gun with no directions  
And it keeps you on the run, it has no mercy  
Mum and Daddy went to war, never coming back no more  
Did you ever think they'd make you whole again  
Maybe someone dropped a bomb  
Just right into the middle of your soul - they're in control

You got to get out of control again - no more control again  
You're getting whole again - ain't no control again  
You got to get out of control

20th century honey bee, what you're doing is what you'll be  
Life's no dress rehearsal when you bring the honey in  
Everything seems wrong to thee  
Nurtured from the poison of reality that has no mercy  
All your friends went for the thrill, now it's yours to grab the kill  
Did you ever think you're getting whole again  
Maybe someone send a priest with some religion cooking in a bowl  
They're in control  
You got to get out of control again...

What's the fucking thing about control,  
Did you think you're ever getting whole?  
Just as long as there is no control, they have no control of you at all

Dangerous Places - 3:58

People buzzing around, they don't know a thing  
They just a laugh and the ones in power are always pulling the strings  
People do what they do, how much can they take  
They just get the news and the ones in power always get the cake

But you got ambition, you got the face, come on, let's go to a dangerous place  
You got the class, I think you're desperate, let's go to a dangerous place  
Come on - let's go, come on - let's go, come on...

I promise this thing will sell, I promise I'll take you to heaven  
I promise this thing will sell, and I just can't wait

You have your plans, all these plans

And there are moments, shall I call them a chance  
If I was you I would make them all mine  
And if I ain't got the power I would commit a crime

But you got ambition...  
I promise this thing will sell...

I'm gonna make you a deal, you know I'm your friend  
I'm gonna stay with you until the very end  
I know you got the guts, I got a lot of time  
I'm gonna make me yours before I make you mine

Spirit Of The Age - 4:30

Hate, lust, soul, rage  
You're so full of hate, You're so full of lust  
You're so full of soul, You're so full of rage  
Spirit of the age

Here comes the voodoo king, here comes a powerful man  
My face on every frontpage, my plans for everyone  
I reason your existence, that is what I want to be  
Your whore and your messiah if you believe in me

I'm not a true creator, I'm just a cheap reflection  
I'm the impersonator of anyone's conception  
But if you read my lips just on your own behalf  
I'll be a remedy not just an epitaph

You're so full of hate, you need a vacation  
So full of lust, you need liberation  
You need damnation, you need salvation  
You're so full of hate  
Spirit of the age

Here comes the new religion of everything you are  
My sword is your conviction, my voice your media  
I'm here to justify you, that's what I want to do  
I don't believe in visions but I believe in you

Here comes the voodoo king, here comes a powerful man  
My face on every frontpage, my plans for everyone  
I'm here to satisfy you, that's what I want to be  
Your whore and your messiah if you believe in me

You're so full of crime, you wipe out a nation  
So full of sex, you're a sensation  
You need damnation, you need salvation  
You're so full of fear

You're so full of hate, you need a vacation  
So full of lust, you need liberation  
You need damnation, you need salvation  
You're so full of hate  
Spirit of the age...

Soul Messiah - 4:52

There is too much confusion  
Much too much impact of obscene terror  
I wonder why I'm still surfing on this wave of obsession  
Is there a reason to stay any longer  
Waiting for some cool messiah  
Give me a reason to stay here forever  
Waiting for something to come

Is it my soul  
Is it that glimpse of light I never forget to expect  
Or is it you, some kind of angel  
That keeps me in waiting forever

There's too much war on the outside  
Much too much impact of symbols and meanings  
I wonder why I'm still fighting in this ocean of questions  
Is there a reason to stay any longer  
Waiting for something to come  
Give me a reason to stay on this island  
Waiting for something to come

New Horizons - 5:35

Once, we were together  
Once we were one  
Once we were running, we knew where we came from  
We were the music, we heard the call  
We were giants after the fall  
Once we were children, once we were so small

To the new horizons I cast my eyes  
When I look at you reaching out to the new  
Horizons  
Once and today  
Once and today

Once, we were divided, once, we lost our sight  
Once, we were freezing in the TV light  
You are a rainbow, you're looking fine  
Shall we make it one more time

To the new horizons I cast my eyes  
When I look at you reaching out to the new  
Horizons  
Once and today  
Once and today  
You are a rainbow

Pandora's Lullaby - 4:28

So you hugged the globe  
Now it's whirling too fast  
I really got no hope to hang on to the past  
The train has departed, the toxins have started  
To announce that none will last

I cower in the gutter of a world that's not so near  
And I listen to their mutters that are spinning through the air  
The words unspoken, the promises broken  
And the ones who really care

I'm the watcher of the scene  
I see our shadows on the screen  
And when the subway brakes to preserve some suicidal bee  
I stop to breathe for a while  
Maybe it was me

This is the world gliding by  
Like the driftwood beams  
On a lifetime's stream  
The instant fundamental sky for Pandora's lullaby

I see distorted faces coined like gold  
And in their wrinkles programs that commercial gurus told  
A watermark against a spark  
Umbrellas that they hold

I'm gliding in the distance and watch the world go by  
An orbit full of questions, a perforated sky  
But I just sit and wonder a bit
