

United - Danger In Your Paradise - 4:39

Sometimes I feel wherever I go, I leave no man's land behind
And god is a pet and the devil's a toy, and I'm a danger in your paradise
Here I go
Here I go
Sometimes I feel wherever I go, I leave crimson roses behind
With a toy in my hand and a pet at my side, I spread roses,
Roses in your paradise
Here I go, with a toy in my hand and a pet at my side, here I go
Here I go, I'm a danger in your paradise
And life is a pretty, impolite bastard
I spit at you, I spit at you, I spit at you, bastard
I want to cut out your chameleon tongue
I'm a danger in your paradise
Here I go...
Sometimes I feel wherever I go, I leave crimson roses behind
With a toy in my hand and a pet at my side
I spread roses, roses in your paradise
And life is a pretty, pretty gigolo
I caress you, I caress you, gigolo
And god is a pet and the devil's a toy
And I'm a danger in your paradise

United – Caroline - 5:04

Caroline says
Are you really sure that you know me
I never met you before, can I trust you
But she's never cautious, no, never, will she ever learn

Will she always send her dreams and poems to imaginary people
And she's tough, yes, real tough
Standing right in front of the revelation
All of the big city lights may shine on her eternally
And Caroline's eyes show feelings not from this world
And if some one asks her, where do you come from
She thinks for a while before she answers
I don't know, I really don't know
And she says, there's no destination on this spiral highway
I don't know, I really don't know
And she says, I can give you names but I can never give you answers
And she says, listen to the music of your soul
Follow where it's telling you to go, follow in the footsteps of your soul
Listen to the music, don't you know, it'll lead you where you what to be
It's playing there for you and me
Caroline says while looking at the polaroid in her hands
Isn't it strange to remember
And when she's out, she never locks the door, she is always like that
She could never ever cope with the real life of the ordinary people
And she says, hey, listen to this, I should be leaving here tomorrow
It's so cold in this city and there's not enough money in the streets
And Caroline's eyes show feelings not from this world
And if some one asks her
Where do you go to, she thinks for a while before she answers
I don't know...

United - Feathers And Tar - 5:20

You came one night, turned my tide
Blood red moon that you are
Now I sit here, what can I do
Wrapped in feathers and tar
You clutched my back and you bit my neck
Stroke me down to the floor
You burn my brain, lay me in chains
And I want more
I'm on my knees, can't you see
I don't know what to do
Can't you heal me, can't you feel
That my heart belongs to you
It seems so wrong, that I sing this song
Could it be, babe, could it be that you feel the same
But let me tell you, and that ain't no excuse
Where both in the same situation
Under each others sign like partners in crime
And nobody needs to tell me
That this ain't the end of the world

It's just one of those crazy moments of the late, late 20th century
But you visit my sweetest dreams and you kindle all of my phantasies
And you're right, it's your name that I scream
Don't you feel it, don't you hear me baby...
I'm on my knees, can't you see..
You came one night, turned my tide
Blood red moon that you are, now I sit here, what can I do
Wrapped in feathers and tar
You paint my lips and you sank my ships and I, I love you so, I love you so
You see me pray, please go away
No, don't go, don't go, cause I want more..

United – Missionary - 4:31

I'm on my way to the other side
I've broken doors and shattered glass
I've derailed from the joyrider train
And listened to the sounds of the insane
I've looked for wisdom every hour
Searched for decay in every flower
Ionized all the sacred schemes
And killed the prophets in my dreams
I've torn james joyce to pieces to make the puzzle fit
I've looked for secret messages in every little bit
I've travelled through the craters of despair
Grabbed the holy signs in every nightmare
Broke on through to the other side
Paid the one way fare, paid the one way fare
I'm on my way to the other side, there's nothing I can do about
I tried to hide behind perfection and starred in mirrors of deception
There's no escape in any way, nowhere to run, nowhere to stay
As long as i can't see the light I got to go to the other side
I've torn james joyce to pieces...
I've torn james joyce to pieces to make the puzzle fit
I've looked for secret messages in every little bit
I've spoken to the dead, ignorants have called me mad
I've travelled through the craters of despair
Grabbed the holy signs of every nightmare
Conjured up digression, suffered from depression
Paid the one way fare, paid the one way fare
I'm a missionary man
I'm a missionary man

United - For The Sake Of Love - 5:20

I forgive, I forgive
Had so many I forgive all my friends who left me alone, I forgive the wall that it stones
I forgive the lord that he never sent a priest, I forgive the hangman, I forgive the beast
I forgive the winter that it was so cold, I forgive my father that he was so bold
I forgive the ashes that they couldn't stay flames, I forgive the acid, I forgive the rains
I forgive james joyce that I couldn't read his books, I forgive that you've never
Given back what you took
I forgive the puzzle that I didn't fit, I forgive the shit that I couldn't write a hit
I forgive the dog that she never came home, I forgive all the ways that they
Always lead to rome
I forgive the worm in the very last tree, I forgive the girls who haven't forgiven me
I forgive inspiration when it came to late, I forgive all the ladies when I had to wait
I forgive superman that I didn't stay clean, I forgive, I forgive, anyone, anything
For the sake of love, for the sake of love
For the sake of love
I forgive the angels who could never take me high, I forgive all my dreams that I couldn't really fly
I forgive the thought that I couldn't stop thinking, I forgive all the drinks that I couldn't stop drinking
I forgive the clock that it didn't wake me up, I forgive the driver, I forgive the cab
I forgive all the moments that they wouldn't stay, I forgive all the years that they've flown away
I forgive the promises that they've been broken, I forgive the curses that they have been spoken
I forgive all the prophets and the saints of the past, I forgive the stars when they fell too fast
I forgive the joke that it didn't make me laugh, I forgive desire that I had to starve
I forgive all the love for the sake of love, I forgive all sakes for the fake above
For the sake of love, for the sake of love
For the sake of love

United - Say It Ain't So, Joe - 4:02

Say it ain't so, Joe, please, say it ain't so
That's not what I wanna hear, Joe and I got the right to know
Say it ain't so, Joe, please, say it ain't so
I'm sure, they're telling us lies, Joe,
Please, tell us it ain't so
They told us that our hero has played his trump card
He doesn't know how to go on
We're clinging to his charms and determined smile
But the good old days have gone
The image and the empire may be falling apart
The money has gotten scarce
One man's word held the country together
But the truth is getting fierce
Say it ain't so, Joe, please, say it ain't so
We've pinned our hopes on you, joe and they're ruining our show
Ooh babies, don't you think we're gonna get burned
Ooh babies, don't you think we're gonna get burned
We're gonna get turned
We're gonna get learned

We're gonna get burned
We're gonna

United - Five Years - 6:01

Pushing through the market square
So many mothers sighing
News had just come over, we had five years left to cry in
News guy wept and told us, earth was really dying
Cried so much, his face was wet, then I knew, he was not lying
I heard telephones, opera house, favorite melodies
I saw boys, toys, electric irons and tv's
My brain hurt like a warehouse, it had no room to spare
I had to cram so many things to store, everything in there
And all the fat-skinny people, and all the tall-short people
And all the nobody people, and all the somebody people
I never thought I'd need so many people
A girl of my age went off her head, hit some tiny children
If the black hadn't a-pulled her off, I think she would have killed them
A soldier with a broken arm
Fixed his stare to the wheels of a cadillac
A cop knelt and kissed the feet of a priest
And a queer threw up at the sight of that
I think I saw you in an icecream parlour
Drinking milkshakes cold and long
Smiling and waving and looking so fine
I don't think you knew you were in this song
And it was cold and it rained, so I felt like an actor
And i thought of ma and I wanted to get back there
Your face, your race, the way that you talk
I kiss you, you're beautiful, I want you to walk
We've got five years, stuck on my eyes, we've got five years, what a surprise
We've got five years, my brain hurts a lot, we've got five years, that's all we've got
We've got five years...

United - Change The World - 4:37

We can change the world...
The difference is in the way...
The difference is in the way we are as people
The difference is the sum of what we are
So look at the things that join us together
And take away the things that pull us apart
Ooh, we can change the world...
The light that draws us through the tunnel of perception
Is brighter than the light that makes us shield our eyes

Just believe in the idea and its purity
No need to question its source, no need for lies
Ooh, we can change the world...
Love of my life, we can change the world...
We can change...
changes...
The magnetism that you feel inside
Draws you closer
To the heart of the matter and the wisdom
That you see outside is only a matter of learning and forgetting
Ooh, we can change the world...
Love of my life, we can change the world...

United - Carol Masters - 4:40

She sits by the window
Stares into the night
Just waiting for a foreign sound from outside
Far beyond the atmospheres, she is listening for a call
To take her homewards to herself
Oh I love you so
He who's Master of the icy shots won't harm you in the morning
She knows that the pavement's hard, there between the stars
To travel on to Martian-Homesick-City

She is weeping silently
But there's not a tear
Just raindrops falling from the painted ceiling
The dance of the foraging bee will number all the things
She has been longing for since she was young
"I will not pass this night in vain!"
She says, "I'll stand this kind of rain, I'll break the glass,
I'll find the path."
Yes, Carol wants to go to Mars, back, where the red-cold sun
Is sinking to the Channels of A'DAAR

Day breaks through the grating
Someone moves a chair
And sunlight blisters dazzling on a glass
Take a pill and greet the day for sedative holidays
Why aren't you sleeping at night?!
...Oh I love you so!
He who's Master of the icy shots won't harm you till the evening
We shall meet tomorrow night, and I kiss you just as tenderly
As CYGNUS kissed the deserts
We shall meet tomorrow night, and I kiss you just as tenderly
As CYGNUS kissed the deserts

United – Cosmopolitician - 5:35

I sleep between the gates of night, in a no man's land
Always closer than you think, a kind of your best friend
I have no religion and I have no flag
I don't care if you're wrong or right
Lilac skinned or black
I'm a cosmopolitician
Closer than your next of kin
Angel, devil of the night
And the seed of everything
And if your world has turned to ashes
I will leave you never
Even when the sun's blown out, I will shine forever
I caress you with my charms
I'm your best friend, the dream
I'm the light that guides you through the nights
And deepest haze
I'm a cosmopolitician...
You need a friend without a doubt
I wonder why you came around
Are you awake or do you dream
You're stuck inside a frozen scene
You try to move but there's no moves
You try to speak but there's no use
You try to wake but you can't
You close your eyes without a chance
You need a friend without a doubt
I wonder why you came around..

United – Soulman - 8:49

Smiling faces when you're no.1, It's on, can you relate
The people that you meet are the people that you love to hate
Walk this way, talk this way, suckers on my tip-no
I don't need no bodyguards, I don't need no ridiculous jewelry
Vibing the industry, it's people acting funny with my money, it's
Everything will be taken care of, honey the fuzzing and the buzzing
The dealing and the wheeling, shady bitches in big, black limousines
Digging my stuff with a gangsterly..Huhu, cashflow's extreme
Yes, I'm getting paid, hey, here's what the people say, this fool's glocking crazy geeze
The bitch is selling out- he's given up integrity..Huh

To me it's a job, the case is sublime, you get yours, I get mine
Call me a prostitute
Digging the inner so you don't get under, no, my name ain't alexander the great

But came and I saw and I conquered and now I'm in the house
And now the house is haunted cause I can talk this shit
I'm in the game, even when they're kicking it, a hustler
Hitting the big time with mental stamina, with karma spread from the south of france.
To I.A.- To indochina, and I don't quit, I'm coming on
With another hit and playing it rough- with an attitude way out there, yeah
No playing it safe in here, fool, you don't wanna be rude, go ahead
You don't wanna be rude, go ahead
Call me a prostitute

I was born, growing up, I finished my cup, said good luck, dad
With a back up from the giddy up
Began as a problem youth, running wild with the deuce, the juice
I tolled a while but not in vain, whiskey, women, joy and pain
I had to get away and start my own odyssey.
And now I'm back, what's up, check me, take a loupe, for the close up
See me through, I'm a soulman, I'm a soulman, and I go shoob...

Ain't no sellout, im the shit, there ain't no substitute
You get yours and I get mine, call me a prostitute..

I'm a soulman, and I go shoob, I'm a soulman..
